The Company specialises in investing in small size private credit assets across SME, consumer (secured and unsecured), real estate and trade finance assets. The Company invests in the USA, Europe and Australasia and actively seeks opportunities in other markets. P2Pgi does not have any direct employees but relies on services provided by professional service providers, including the investment manager of the trust, the administrator, the custodian, and other similar providers.

### P2Pgi’s Supply Chain

We do not tolerate forced labour either within our business or within our supply chain. We expect our suppliers to share the same values and observe the spirit of the MSA. We believe our supply chain poses a low risk of slavery since the vast majority of our suppliers are well-established and well-known professional services firms. We are not aware of any incidents of modern slavery in our supply chain in 2018.
